Thank You for helping people feel safe again

Dear Tony

On behalf of the Simon Community and people like Neil who rely on our services, I would like to thank you and everybody at Peoples Photography Ireland most sincerely for your commitment to us. Please find below the receipt for your kind donation of €2,500.00.

With your help we continue to provide services to move people out of homelessness for good. Our permanent supported housing gives people the security they need to rebuild their lives and find their place in the community again. We help people regain their confidence and relearn any skills that they may have lost when they were without a home. These can be the first steps in ensuring they never return to a homeless situation.

Our aim at Simon is to empower people to access, secure and retain their own home. We provide an environment where people feel safe and can face the issues that made them become homeless in the first place. For people like Neil this sense of security in his new home was crucial: **"Once you have the key and can lock that door it's a lovely experience. I remember the first and second night, that's what I kept on doing. Just putting the key in, opening the door, closing it, and locking the door and saying 'I'm safe now, this is my place'"**.

As a Simon Community supporter, you are a very important part of our work. With your help we are able to give people the support they need as they make their journey out of homelessness. Thank you for giving people back their sense of belonging and security. We greatly appreciate you believing in us and we look forward to your support in the future.

Yours sincerely,

*Thanks Tony
for helping
Sah*
